

2 Panel Foldables

PREVIEW from Activities To Teach

Engaging Way for Students to organize and present their learning.

Designed by a teacher for teachers, making learning fun for all. Foldable activities appeal to multiple intelligences and learning styles. Easy to use and ready with little prep time. Simply copy the folding instructions on one side and the "completed" template guide on the other. For older students in middle and high school, the template guide can be filled in by them in response to your instructions.

Activity includes:

- 2 panel foldable instruction card - **horizontal** design
- 2 panel foldable instruction card - **vertical** design
- Student planning worksheet for each foldable in the series with or without special features (ie: tab).

Foldable Guides for All Included Foldables

Vertical Foldable ~ 2 Panel

2 Panel Vertical Foldable Uses -

- ❖ Compare and Contrast
- ❖ Cause and Effect
- ❖ Right or Wrong

Materials Needed

- ✓ Paper
- ✓ Scissors
- ✓ Coloring Utensils
- ✓ A Ruler if using the enhanced tab design

Step 1: Fold paper in HALF the long way.

Step 2: Turn the results from Step 1 horizontally.

Step 3: Fold the paper in HALF as wide way vs. the long way like in Step 1. Unfold, make the paper flat.

Step 4: Cut along the fold (dotted line in diagram) on the TOP half of the paper to the middle fold only. This will create the two panel affect.

Enhance with a TITLE Tab on the Bottom

Add Step 1A to create the title tab.

Step 1A: Using a ruler measure off a 2 cm (approx 3/4 inch) section from the edge going the tall way. This "line" creates the "edge" you will fold to in Step 1B.

Step 1B: Fold paper in half the long way up to the line you created at the 2 cm mark.

Step 2: Pick up at Step 2 on the regular folding process above.
